

eTwinning projekt-TradiEurope

Učenci 2. in 5. razredov smo pri urah angleščine sodelovali z vrstniki iz Barcelone. Vključeni smo bili v eTwinning projekt TradiEurope. Projekt se je izvajal od septembra do marca. Glavni namen projekta je bilo povezovanje z vrstniki iz Evrope ter spoznavanje evropskih držav. Učenci so se srečali na daljavo z vrstniki iz Španije in spoznavali Španijo oziroma Katalonijo z glavnim mestom Barcelono ter njene značilnosti, kulturo in tradicijo.

Pripravili in posneli smo dva kratka filmčka, v katerih so se učenci vrstnikom iz Španije predstavili in opisali svojo šolo. Z njimi smo se srečali na daljavo in prepevali praznične pesmi ter si izmenjali novoletne voščilnice. Predstavili smo jim značilno slovensko hrano ter si izmenjali recepte tradicionalnih slovenskih in španskih oziroma katalonskih jedi ter ustvarili knjigo receptov. Izmenjali smo si ideje za najljubši, najboljši in najbolj zdrav krožnik ter skupaj razmišljali o zdravi hrani ter zdravemu načinu življenja.

Učenci 2. in 5. razreda ter Anja Frank, učiteljica angleščine

2nd and 5th grade students collaborated with peers from Barcelona. We were involved in the eTwinning project TradiEurope. The project was implemented from September to March. The main purpose of the project was to connect with peers from Europe and to explore and discover the European countries. The students therefore met at a distance with their peers from Spain and discovered Spain, Catalonia with its capital Barcelona and its sights, culture and tradition.

We made two short films in which students introduced themselves to their peers from Spain and described their school. We met in video call and sang holiday songs and exchanged New Year's greeting cards. We introduced them some typical Slovenian food and exchanged recipes for traditional Slovenian and Spanish or Catalan dishes and created a recipe book. We exchanged ideas for our favourite, best and the healthiest plate and thought together about healthy food and a healthy lifestyle.

2nd and 5th grade students and Anja Frank, English teacher

Ester Pérez Saus, Col·legi Sant Josep, Španija
ANJA FRANK, OSNOVNA ŠOLA DRAGOTINA KETTEJA, Slovenija
Fina Vendrell Vila, Col·legi Sant Josep, Španija

so prejeli oznako za svoj projekt:
